

# EFT-Extended Family Teaching

Extended Family Teachers (EFT) are independent contractors of CCO and provide services to the individual within the EFT's home. Extended Family Teachers have to complete an extensive application and selection process and at least one home visit. The home visit is completed by representatives of CCO and San Andreas Regional Center. Considerations for approval of an EFT home environment include, but are not limited to, safety and cleanliness of the home, safety of the neighborhood, access to community resources, provision of a private bedroom, provision of privacy in a bathroom, size of shared living spaces, accessibility of the home based upon consumer need, emergency evacuation plan and exits, number of other persons living in the home and overall pleasantness of the living environment.

In-home evaluations are completed by CCO at least monthly to ensure that the approved living arrangement continues to be acceptable for EFT service provision. Compliance with these evaluations and maintenance of an acceptable living environment for the consumer are a part of the EFT Contract with CCO.
